

# SOCIETY OUT OF TOWN--SUMMER RESORT NEWS

Newport, R. I., Aug. 29.—With perfect weather this has been a busy week of outdoor activities and the members of the summer colony have been busy. The programme has been filled with the playing of the national tennis singles tournament at the Casino, the annual competition for the president's cup at the golf club and the Red Cross sale of yesterday afternoon on the lawn of Mrs. Vanderbilt's Breakers, which proved to be the largest affair of the kind ever attempted here and by far the largest when the matter of money raised is concerned.

The tennis tournament as usual attracted society in full numbers, not only from this city but from the nearby resorts. The grand stands were filled each day during the week and as in former years there was a beautiful array of guests, although the cool weather during a part of the week sent the women to the stands wearing warm top coats. Those for the most part were of the bright kind and they lent a pleasing touch of color to the scene.

The golf too attracted considerable attention this week from the members of the Newport colony, for there were fifteen players to qualify for the competition for the cup offered by President Henry R. Taylor, and considerably interest was shown in over the match play, though as it was narrowed down toward the final match. Thus with the tennis in the morning and golf in the afternoon, with possibly a luncheon party in between and when the day was over the members of the villa colony have spent a few busy days.

Another out of door event of interest to those who care for yacht racing was the series of match races between the Pembroke Jones 50 footer Carolina II. and William E. Dodge's Samara. These, however, came to a sudden and untimely end when the Carolina, caught in a sudden squall off the Jamestown shore, was dismantled, and as the season is so far advanced the owner has placed the boat out of commission for the year.

It was learned with considerable regret this week that by the middle of September the colony was to lose two members of the diplomatic circle, when the Count and Countess de San Esteban of Spain. Count de San Esteban has been several years and he will soon terminate his American stay and with the Countess and their three children, the youngest being born early in the summer, will start for Spain.

Mr. and Mrs. Vincent Astor came back for the tournament on their yacht the Norma, and Mrs. Adolph Ladenburg has been here for the tournament, stopping at the Rhode Island for a couple of weeks. Miss Florence Stone of Boston has also been here as guest of Mrs. W. K. Vanderbilt, and Mrs. W. Randolph Paris, daughter of Leland Russell of Philadelphia, moved here from her estate at Halifax, Mass. for the tournament. Mrs. Paris, while not a frequent visitor to this city, is well known among the members of the colony, and the fact that she was at the Newport Club during the week was attended by quite a notable gathering.

Miss Helen Tower, daughter of the Hon. and Mrs. Charles H. Tower of Philadelphia, is making her first visit of the season and is the guest of Mrs. Vanderbilt at the Breakers. Alfred Nelson Lewis has been another Philadelphia visitor here this week.

It now seems an assured fact that the midsummer flower show, held jointly by the Newport Garden Club and the Newport Horticultural Society, this year for the first time, is to be a permanent feature of the Newport season, getting a place on the yearly programme the same as tennis week, the horse show and the other affairs that are really a part of the season. So, during the week the committee in charge of this summer's show, held a couple of weeks ago on the grounds of Helocourt, at which there was a meeting this week at which it was decided to repeat the show next summer.

at about the same time, the middle of August.

The Garden Club committee at this meeting was Mrs. Stuyvesant Fish, Mrs. Charles F. Hoffman, Mrs. Lawrence L. Gillespie, Mrs. Thomas J. Emery and Mrs. Frederick Pearson. They met with a committee from the Horticultural Society and while it has been decided to have the show next year the exact date and the place have not been decided. It is understood that before the place is picked out there will be an effort to bring it within the reach of the general public. At Helocourt this year it was found that the place was too far away for any great number of the general public to attend.

There is to be a naval wedding at Jamestown, just over the bay from here, on September 2 that is of interest to not only the large Philadelphia colony there but to those from the Quaker City here. Announcement of the date of the wedding was made this week and it is that of Miss Isabel Macgregor, daughter of Dr. Alexander Fitzhugh Macgregor, to Ensign Percy Kent Robertson, U. S. N., at present attached to the Atlantic submarine fleet, who was an ensign on the national tennis tournament at the Casino this week. The wedding is to take place at St. Matthew's Church at the island resort, but further details of the wedding have not been completed.

As soon as the national tennis tournament is concluded, probably on Monday if the weather favors, the work of preparing or transforming the championship court into the show ring for the annual horse show will be started. The show, opening on Labor Day, is the next event on the Newport season programme and the closing fixture.

With the added room on the Casino grounds this year the show management will be able to make better arrangements than before and as the show promises to be a good one far as entertainment is concerned the outlook seems to be bright.

offered by Mrs. Ellen Hooker and was won by Miss Trevor.

Friday evening there was a fancy dress party for the Junior set at the Suffolk Hunt Club, given by Mr. and Mrs. Stephen Peabody for their daughter, Miss Emma Peabody. Miss Esther Thorne gave a luncheon party preceding the dance, taking her guests to Miss Peabody's.

There is promise of much social activity at the Hunt Club this coming month. Many dances and parties are being arranged and Miss Juliana Cutting will have three more subscription dances at the clubhouse on Friday evenings, September 4, 11 and 18, one-half of the proceeds to go into the Red Cross fund.

Mr. and Mrs. Roger Winthrop are visiting with Mrs. Winthrop's parents, Mr. and Mrs. Henry D. Babcock. Mrs. Walter H. Hoffer and daughter entertained Richard Dupont, Jr., of Plainfield.

Mrs. Ambrose Newell, Jr., has closed her cottage on Lake Argowam and has gone to Tuxedo Park to spend the autumn.

On Monday afternoon, August 31, there will be a fete and bazaar conducted by the ladies of the cottage colony at the Parish Hall, Hill street, the proceeds for the benefit of the Church of the Sacred Heart of Jesus and Mary. Prizes will be offered for best fancy costumes for children.

White Mountains, N. H., Aug. 29.—The White Mountain season will be prolonged until October 15, when the Mount Washington Hotel closes its doors. Many small hotels which remain open during the winter are now booking for winter sports. With little likelihood of seeing Switzerland this winter, enthusiasts over winter sports will come to the White Mountains and to Quebec instead.

The annual golf day of the Bethlehem Country Club increased the building fund by \$1,200.

The annual invitation golf tournament at the Bethlehem Country Club and at the Waukegan Golf Club this week brought many metropolitan golfers to the White Mountains.

Motoring has never been better and the Jefferson Notch road, giving a new motor route from Crawford and Bretton Woods.

With the added room on the Casino grounds this year the show management will be able to make better arrangements than before and as the show promises to be a good one far as entertainment is concerned the outlook seems to be bright.

At about the same time, the middle of August.

The Garden Club committee at this meeting was Mrs. Stuyvesant Fish, Mrs. Charles F. Hoffman, Mrs. Lawrence L. Gillespie, Mrs. Thomas J. Emery and Mrs. Frederick Pearson. They met with a committee from the Horticultural Society and while it has been decided to have the show next year the exact date and the place have not been decided. It is understood that before the place is picked out there will be an effort to bring it within the reach of the general public. At Helocourt this year it was found that the place was too far away for any great number of the general public to attend.

There is to be a naval wedding at Jamestown, just over the bay from here, on September 2 that is of interest to not only the large Philadelphia colony there but to those from the Quaker City here. Announcement of the date of the wedding was made this week and it is that of Miss Isabel Macgregor, daughter of Dr. Alexander Fitzhugh Macgregor, to Ensign Percy Kent Robertson, U. S. N., at present attached to the Atlantic submarine fleet, who was an ensign on the national tennis tournament at the Casino this week. The wedding is to take place at St. Matthew's Church at the island resort, but further details of the wedding have not been completed.

As soon as the national tennis tournament is concluded, probably on Monday if the weather favors, the work of preparing or transforming the championship court into the show ring for the annual horse show will be started. The show, opening on Labor Day, is the next event on the Newport season programme and the closing fixture.

With the added room on the Casino grounds this year the show management will be able to make better arrangements than before and as the show promises to be a good one far as entertainment is concerned the outlook seems to be bright.
